

**USB 2.0 self-powered 40 + 2 port hub**

USB 2.0 self-powered 40 + 2 port hub

**Manufacturer:** Alice Innovation

**Price:** £158.80

**2.0 self-powered hub 40 + 2 port USB**

**The biggest USB Hub on the world !**

**40 + 2 USB port, self- powered !**

**Description:** hub with 42 USB 2.0 ports - 40 ports on the upper side - (transverse spacing : 30 mm - longitudinal spacing: 21 mm) - 2 ports on the back side – three status indicators

**Presentation:** case in Black ABS

**Supported System:** PC under WINDOWS 8 ® recommended, Windows XP ® or above, Linux

**Dimension:** 210 mm x 125 mm x 25 mm

**Weight:** 0.35 kg

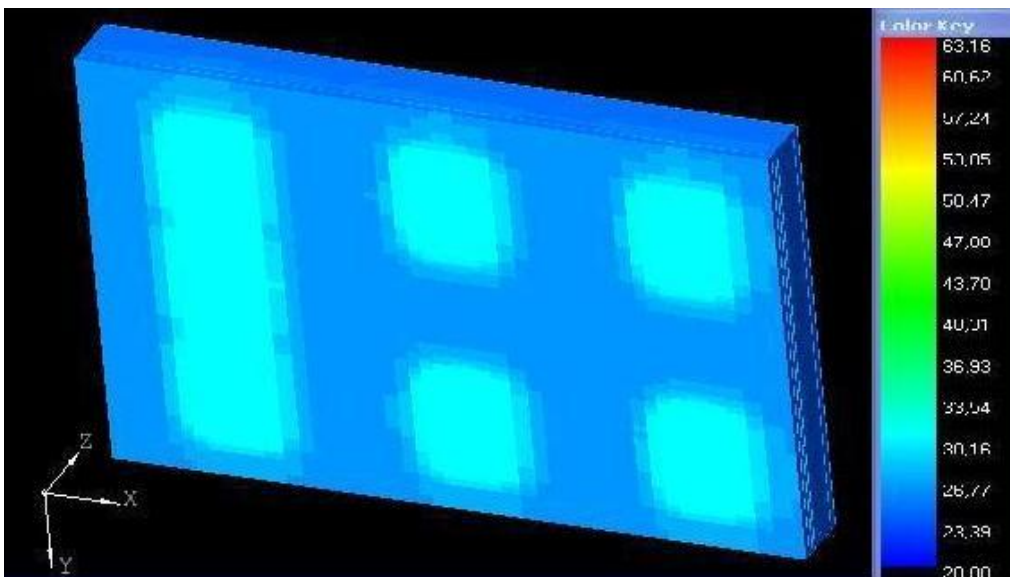

**Power supply:** 230 V 50 Hz 20 W

This hub can also be used as a charger within a 0.5 A limit per port and an overall 4 A limit (8 A with an optional 40 W power supply).

For example 40 MP3 players can be charged by a mean intensity of 0.1 A (0.2 A with the 40 W power supply).

**Thermal stability** has been particularly studied, and is based on the latest technology for fan less cooling.

**At full load, this hub does not heat up** as shown below (bottom view):

**Only three status LEDs show out:**

- a failure of one of the connected USB peripherals: **red LED**;
- connection of ALL the peripherals to the host: **green LED**
- a peripheral being connecting: **yellow LED**
